The UK's No.1 animal handling experience and life long learning company

To Parents and Carers of a pupil in YR Surrey and Canterbury

Dear parents/carers

The children are really enjoying our topic so far this term about animals. To enhance this learning experience further, we thought it would be a great idea to give children an opportunity to be able to handle a variety of animals. We have invited a company called [Zoolab](#) to come in and deliver one of their Early Year sessions on Pets on Monday 20th March.

To enable us to run this visit, we would kindly ask for a contribution of £3.56 to be in school by Thursday 16th March. You may hand in any money for this visit to either your child's class teacher or straight to the school office in a sealed, named envelope.

We thank you in advance for your contribution as without this we would be unable to arrange such fun activities.

Kind regards,

EYFS Team
