Y6 see Safety in Action!

Cambridge and Oxford classes visited the Hastings Fire Station last week as part of the 'Safety in Action' events organized by East Sussex Fire and Rescue and other emergency services and agencies. These events are to help encourage children to recognise hazards and take action to keep themselves and others safe.

Simulated scenarios were created such as fire, road, water, railway, electrical and internet safety and first aid. The idea behind these events is to allow children to think about safe responses to a variety of different situations. The project is aimed at year 6 children who are about to make the step to secondary school and greater independence. [Take a look](#) at what they got up to!
